

## CA-300

The CA-300 is Continu.us's thin light-weighted designed antenna that is perfect for mounting anywhere in the house. Stream tons of free channels in 4K with clear quality pictures and sound.

Note: Features and specifications are subject to change without notice.

### FEATURES

#### 4K SIGNAL

Stream free channels in 4K with crisp-quality pictures and sound.

#### CORD CUTTING

Never pay for cable again. This antenna picks up over-the-air channels like ABC, NBC, CBS, Fox and more!

#### VARIOUS MOUNT OPTIONS

This thin light-weighted antenna can be stuck on the wall, window, table or hidden at your desired position.

#### CITY USE

Ideal for city use the CA-300 is a bi-directional antenna. Just aim the antenna directly at the tower you want to receive signal from.
